LEADERSHIP WORKSHOPS

BUSINESS ETHICS ALLIANCE®

BEA WORKSHOPS

Our historically proven 90-minute training solutions are interactive and guaranteed to stimulate thought and conversation around values and ethics.

The below courses can be combined as needed

Ethical Culture

- Ethics 101
- Ethical Decision Making
- Ethical Blindspots

Foundational courses that help participants to understand business ethics and how actions impact corporate culture, reputation, and brand.

Ethical Leader

- Ethical Leadership
- Values Alignment
- Ethically Influencing
- Moral Courage

Every employee has the potential to be a leader in their role. These courses look introspectively to encourage the leader to match actions to the corporate values, influence others to be ethical, and speak up in the face of unethical behavior.

Providing Focus

- Emotional Intelligence and Communication
- Empowerment and Delegation
- Finding Purpose
- Team Development

Employees give greater discretionary effort when their work aligns to a purpose they believe in. These courses help to align work to purpose and show respect for fellow employees through emotional intelligence and empowerment.

Ethical Manager

We have also worked to create an Ethical Manager Workshop that combines some of the content from the 90-minute training solutions along with John Maxwell Leadership Team content. This workshop is perfect for seasoned or new leaders.

This workshop is delivered in four sessions, with each session lasting 4 hours. Subjects covered within this workshop include team dynamics, coaching, 5-levels of leadership and much, much more.

We are proud of the success this workshop has garnered, boasting a 100% positive response rate from participants when asked: Did this workshop help you become a better leader?

Next Level Leadership

This workshop is delivered in two half day sessions, with each session lasting 4 hours. Subjects covered within this workshop include team dynamics, coaching, 5-levels of leadership and much, much more.

Participants learn to:

- Understand the different levels of leadership and influence
- Identify at which level their influence maybe with each person they lead
- How to increase their individual influence
- Identify what level of influence individual leaders they supervise are operating from
- Understand the behaviors, mindset, and actions needed to help leaders within their organization increase their influence, create higher functioning teams, improve employee retention, and reach for their organizations' potential
